The Community Crisis Response Team (CCRT) provides a timely, coordinated, and situation-specific response to any communities, groups, or individuals in Franklin and Hampshire Counties and the North Quabbin region that have been victimized by crime. This grant provides support to the CCRT program, specifically to provide free services for victims of OUI crashes. Victimization may be recent, or it may have been in the past and not yet fully resolved. Trained CCRT members help validate the challenging stress reactions that often accompany OUI incidents; serve as immediate emergency counselors for victims; provide intervention in several effective therapeutic modalities; help link victims to appropriate community resources; and facilitate linking victims to one another for peer support and for the restorative process of community-building.

The Strengthening, Transitioning, and Empowering Program (STEP) Program provides free services for Central MA residents who are victims of incidents caused by persons operating under the influence of substances. Services include individual, family, couple, and group counseling, crisis intervention (available 24/7), support, advocacy, and referrals. A support group is offered weekly. Transportation and child care are available. Services are voluntary, strength-based, individualized, and are provided in the community and at LUK offices in Fitchburg, Worcester, and Webster.
